

Me and my guardian angel
flew the blue sky together
Me and my Angel flew away
me and my feathered friend

We need no solemn promise
we believe in each other
Me and my Angel get along
me and my age-old friend

When I'm in trouble
when I am weary
I can feel at ease with my Angel
We don't waste time to discuss it
no, we just do it
in an angel-like way

Now, be my angel
Come, be my angel
You, be my Angel
Now, in an angel-like way
there is no one
say, you know no one
else you want to
dream about

Heavenly creature
Angel
We are one now

Send me the message
You have the knowledge
that I need
Me and my guardian Angel
